## I HOUR CLASS 150 COMPUTER SAFE

### FIRE SMOKE HEAT WATER MAGNETS

Thanks to the computer, records formerly kept on paper in a number of different locations can now be reduced to tape and concentrated in a single area. While this produces many benefits, it also adds a serious hazard. A fire in this area . . . where records are concentrated . . . could be disastrous.

The Computer Safe is designed to prevent loss from such disasters by protecting vital computer media against fire, heat, smoke, water, humidity . . . and magnets as powerful as 2000 Gauss.

If computer media are vital to your business, give them the protection they deserve, with a Herring-Hall-Marvin Computer Safe.

### DIMENSIONS

MODEL	OUTSIDE DIMENSIONS			INSIDE DIMENSIONS			WEIGHT EMPTY
	HIGH	WIDE*	DEEP**	HIGH	WIDE	DEEP	
150-1C	50 <sup>7</sup> / <sub>8</sub>	43 <sup>7</sup> / <sub>8</sub>	31 <sup>3</sup> / <sub>4</sub>	39	32	16 <sup>3</sup> / <sub>8</sub>	1950
150-2C	73 <sup>7</sup> / <sub>8</sub>	43 <sup>7</sup> / <sub>8</sub>	31 <sup>3</sup> / <sub>4</sub>	62 <sup>3</sup> / <sub>4</sub>	32	16 <sup>3</sup> / <sub>8</sub>	2625

\*Add 3/4" to width for each hinge.

\*\*Add 2 1/8" to depth for handle — add 5/8" to depth for hinges.
