CHUBB®

TL-15 and TL-30
MONEY SAFES

These Chubb Safes are listed by Underwriters Laboratories (U.L.) and carry either the TL-15 (15 Minute Attack Protection) or the TL-30 (30 Minute Attack Protection) label.

The three way boltwork is secured by a 3-number U.L. listed, key changeable combination lock. Dual control can be added with an optional key locking dial.

Right hand and left hand swing doors are available. The safes are finished in grey. Other colors are available as an option.

Two adjustable shelves are provided in all models except the 2251/2151 model which has one adjustable shelf.

Other options available include time delay combination locks, silent alarm signaling, two or three movement timelocks and an alarm detection package.

Special size safes are available upon request.
